

I, Nancy Fetterman,  
support the candidacy of Greg Evers (Republican – Baker) for  
the 2010 primary and general election campaigns for Florida  
Senate District 2. Greg has my permission to represent that I  
have given him my full support and endorsement in these  
campaigns.

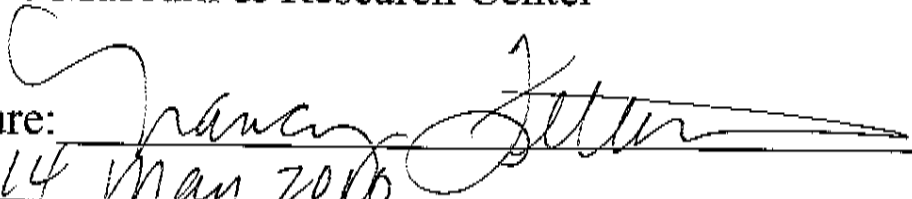

I first met Greg when he sponsored and passed House Bill 1145  
during the 2006 legislative session. This bill created the State of  
Florida Maritime Museum and Research Center in honor of my  
late husband, Vice Admiral John H. "Jack" Fetterman. The  
legislation also made the museum our state's official maritime  
museum. Also in this same legislation, Greg designated "In  
God We Trust" as our official state motto. Greg and I are  
committed to working together to make sure that the legacy of  
my husband is a museum that makes Florida proud and serves as  
a constant reminder of Northwest Florida's naval heroes and rich  
naval history. I look forward to continuing to work with Greg in  
The Florida Senate where he will be a strong and effective  
advocate for the unique needs of our military families, the  
importance of the military to the future economic health and  
sustainability of

Northwest Florida and the continued memory and appreciation of our heroes, including my husband John. We need Greg Evers as our next Florida Senator. He has my full and unequivocal support.
